### Dermal Support

#### Feeding Herbs to Your Dog

Our powdered herbal blends can be fed by mixing with your dog's food. If feeding dry food, a small amount of water may be added in order to bind the herbs to the food. Tinctures can be mixed with food as well.

Feed herbs for 6 days a week, with one day of rest.

**DermaKalm is an herbal tincture intended for animals that exhibit repetitive behaviors, such as excessive licking. This formula combines with the HotLiks formula, which supports skin conditions such as lesions and hot spots.**

DermaKalm contains the following herbs (materia medica):

**Linden:** nervine, hypotensive, immunostimulant

**Nettles:** anti-inflammatory, diuretic, nutritive, hemostatic, antidiarrheal, astringent, galactagogue, tonic

**Passion Flower:** antispasmodic, anxiolytic, sedative, hypnotic, anodyne, nervine, spasmolytic, hypotensive

*Definitions:*

- anodyne - relieves distress or pain
- antidiarrheal - prevents or inhibits diarrhea
- anti-inflammatory - reduces inflammation
- antispasmodic - suppresses muscle spasms
- anxiolytic - reduces anxiety
- astringent - causes contraction of body tissues
- diuretic - increases the output of urine
- galactagogue - promotes lactation
- hemostatic - causes bleeding to stop
- hypnotic - sleep inducing
- hypotensive - lowers tension
- immunostimulant - stimulates the immune system by inducing activation or increasing activity of any of its components
- nervine - calms the nerves, benefits the nervous system
- nutritive - provides nutrition
- sedative - promotes calm
- spasmolytic - relieves spasm of smooth muscle
- tonic - substance that produces vigor or well-being

This product has not been evaluated by the FDA and is not intended to treat, cure, or prevent any disease. For animal use only.

### **How Herbs Work**

Our herbal products are hand crafted blends of traditional herbs, designed specifically to target the various systems in the body.

Herbs differ from pharmaceuticals in that herbs work to build up and strengthen an entire system, encouraging the body's natural healing process to occur. Herbs may give relief from symptoms, but the real value is in their power to promote wellness.

We don't advocate the use of herbs to the exclusion of pharmaceuticals as there is a place for both in the care of our animals. We strongly recommend that you consult your vet regarding the use of herbal products, especially when used in conjunction with pharmaceuticals.

### **Thank you for choosing SCH!**

We are working hard to create products that improve lives, and we very much appreciate your support. We developed all of our products ourselves through a lengthy process of education, testing, and revision. Everything we sell is manufactured by us, on site. All of the herbs we use are carefully sourced to ensure the utmost in quality and efficacy. And, all of our products are completely natural and contain no additives or fillers.

Your feedback is invaluable to us. Please drop us a line and let us know how our products are working out for you, or if there is anything better we can do. We also very much appreciate your product reviews on our website.

### **Our Risk Free Guarantee**

We are committed to what we do, and we absolutely believe in our products. We guarantee everything we sell 100% - if you are not completely satisfied, we will refund your money and/or work with you to create a custom solution to your problem.
